About FinClub

Our Story, History, Mission and Vision

FinClub's journey started on a random October afternoon in 2021 with a small group of dedicated students who would not stop before making their dream a striving reality, and since then there has been no looking back. This is the story of our ups and downs, our history, mission and vision.

Jadavpur University is a premier public research university in Kolkata, and an Institute of Eminence recognized by the University Grants Commission. Ranked 4th among Indian universities by the National Institutional Ranking Framework, Jadavpur University is home to some of the brightest minds in West Bengal and India at large. With a growing interest in finance, consulting and analytics among students and increasing placements in these domains, there is a demand for more workshops, seminars and learning events as well as the right guidance for participating in finance and case competitions and for taking up live projects for startups, NGOs and business clients. Therefore, we saw the creation of a Finance Club in JU as the need of the hour.

With 600+ members and a 3-tier core team, FinClub is now home to the largest community of finance, investment, consulting and analytics enthusiasts in Jadavpur University.

The purpose of establishing the Finance Club was to provide the perfect place and the best available resources for students to explore the worlds of finance and consulting, and enhance their knowledge, and to promote, encourage and facilitate discussion on and understanding of everything business - business news, financial markets, the financial services industry, business consulting and analytics, as well as exploring and preparing for career opportunities in finance and consulting.

Our mission is to create a strong business culture which benefits the entire student community and provide a platform for upskilling and professional growth and development, a shared investment in knowledge which is destined to yield huge returns for all.

We have distinguished the Finance Club from other clubs and societies by adopting a structured and organized approach towards learning and career development through seminars, lectures and workshops on finance and consulting topics, emphasizing on networking with alumni and other professionals, providing a route map for proper practice and experience through participation in national and international case solving and finance competitions, and finally by encouraging application of acquired skills by doing client projects. Our ultimate mission is to impart knowledge in a comprehensive and organized form so that every member joining our community with a desire to explore and learn, leaves as a confident individual with a strong understanding of the financial world.

Our vision behind establishing the Finance Club included but was not limited to providing quintessential financial knowledge in an organized form, supplemented by appropriate training for global contests, in an effort to provide the right exposure to the community of finance and consulting enthusiasts in JU. Our vision resonates with that of finance clubs and societies in colleges across India – to foster an ecosystem of growth and learning among our members, prepare them for careers in finance and consulting and provide them with a reliable and exhaustive reference in these domains.

We are motivated by our goal of helping our members build their network and connect with the smartest minds in their field. We believe that participation in intra and inter college events and competitions, combined with interaction with like-minded individuals, will provide our members with avenues for further personal and professional growth, in line with our vision and aim to empower and educate future finance and business leaders.

We're a unique community, the first of its kind in Jadavpur University. And, we are always looking forward to more enthusiastic students and alumni to join our community.

If you are a student currently enrolled in any undergraduate, postgraduate, diploma or doctoral program under any faculty in Jadavpur University and you wish to explore finance, investment, consulting and analytics, you can join FinClub by filling the membership form at finclubju.com/join.

If you are interested in applying for any role within the FinClub team, you can do so by first reading the "Team Recruitment Rules and Regulations" and the "FY24 Recruitment Drive – Application Rules and Guidelines", both given in this Activity Report, and then applying online at finclubju.com/apply.

If you are a Jadavpur University alumnus currently working in finance, investment, consulting or analytics and you wish to be associated with FinClub in an advisory and mentorship role, or if you wish to conduct a training or interaction session for students, drop an email at finclubju@gmail.com.

Our Teams, Advisors and Work Structure

FinClub's multi-tier management team works round the year, brainstorming new ideas, improving existing systems and solving problems to ensure organizational excellence. We believe every member on our team is an asset to the team as a whole. This is the story of the passionate individuals who make it all possible. FinClub's diversified work structure includes a board of advisors with faculty and alumni, an executive team, 6 operational teams - treasury, editorial, PR & marketing, tech, design and logistics, and 6 functional teams based on our 6 pillars of work - finance, investment, social impact, consulting, analytics and literacy.

Board of Advisors

The Board of Advisors consists of the Faculty Advisor, former Core Team members and distinguished Jadavpur University alumni currently working in finance, investment, consulting or analytics.

Core Team

The Core Team consists of the following members.

- Advisors from the seniormost and recently graduated batches.
- An executive team comprising the President, Vice-President, Secretary and Joint Secretaries.
- Heads and Co-Heads of the 6 functional teams and selected Analysts and Sr. Analysts.
- Heads and Co-Heads of the 6 operational teams and selected Coordinators and Sr. Coordinators.

Operational Teams

The day-to-day administration of the club is managed by the 6 Operational Teams.

- The Treasury Team led by the Treasurer and Joint Treasurer (from different campuses).
- The Editorial Team led by the Editor-in-Chief and Joint Editor-in-Chief.
- The Public Relations & Marketing Team led by the Head and the Co-Head of PR&M.
- The Technical Team led by the Head and the Co-Head of Tech.
- The Design Team led by the Head and the Co-Head of Design.
- The Logistics Team led by the Head and the Co-Head of Logistics (from different campuses).

Functional Teams

The activities of the club in its F.I.S.C.A.L. domains are managed by the 6 Functional Teams.

- The Finance Team led by the Head and the Co-Head of Finance.
- The Investment Team led by the Head and the Co-Head of Investment.
- The Social Impact Team led by the Head and the Co-Head of Social Impact.
- The Consulting Team led by the Head and the Co-Head of Consulting.
- The Analytics Team led by the Head and the Co-Head of Analytics.
- The Literacy Team led by the Head and the Co-Head of Literacy.

Team Restructuring from FY23 to FY24

The work structure has been modified for more efficient functioning of the club in its domains.

- The work structure in FY23 included the board of advisors, the executive posts, the Treasurer and the Heads and Co-Heads of 5 teams - Research, Editorial, PR&M, Tech and Design.
- In FY24, the Research team has been restructured into 6 functional teams (F.I.S.C.A.L), and the 4 other teams along with the new Treasury and Logistics teams constitute the 6 operational teams. Each of these teams is led by a Head and a Co-Head (title varies for treasury and editorial teams).

Club Membership Rules and Regulations

Membership of Finance Club is governed by the following rules and regulations.

- Membership is open to all students currently enrolled in any undergraduate, postgraduate, diploma or doctoral program under any faculty in Jadavpur University.
- Membership is free of cost and is not subject to any criteria based on degree, course or grades.
- Membership is not subject to regularity of participation in club events and activities.
- Membership may be terminated on grounds of unruly or inappropriate behaviour.
- Members can voluntarily discontinue their membership without discontinuing their newsletter subscription or participation in events, courses and contests conducted by the club.
- **Membership form can be filled online at finclubju.com/join.**

Team Recruitment Rules and Regulations

Recruitment to roles within the team is governed by the following rules and regulations.

- Recruitment for FYnn (April 20(nn-1) to March 20nn) is made during April 20(nn-1).
- Existing team members graduating in 20(nn-1) are considered for the Board of Advisors and are expected to oversee the recruitment process for FYnn and advise the new team for 3 months.
- After June 20(nn-1), team members graduating in 20nn become the seniormost batch (UG4), so during recruitment, this batch (UG3) is considered for the seniormost posts within the team.
- Executive posts, President and Vice-President, and the Heads of the 12 teams are filled from UG3 members (who will be UG4 for most of their FYnn term), by the incumbent President on the advice of current UG3 (about to be UG4) and UG4 (about to graduate) members.
- Executive posts, Secretary and Joint Secretary, and the Co-Heads of the 12 teams are filled from UG2 members (who will be UG3 for most of their FYnn term), by the new President on the advice of current UG2 (about to be UG3) and UG3 (about to be UG4) members.
- Team positions, Senior Coordinators and Senior Analysts are filled from current UG3 (about to be UG4) batches by open recruitment through online portal on the basis of merit judged by Aptitude and Interview rounds conducted by the Core Team.
- Team positions, Coordinators and Analysts are filled from current UG2 (about to be UG3) and UG1 (about to be UG2) batches by open recruitment through online portal on the basis of merit judged by Aptitude and Interview rounds conducted by the Core Team.
- Newly appointed Senior Coordinators, Senior Analysts, Coordinators and Analysts, who were not promoted to these posts, are subjected to a 1 month non-permanent training period.
- Some Senior Coordinators, Senior Analysts, Coordinators and Analysts may be selected for Core Team membership based on their performance at any time.
- **Application rules and guidelines are given at the end of this Activity Report.**

Our Operational Teams

FinClub's 6 operational teams are responsible for the day-to-day administration of the club. The Senior Coordinators and Coordinators are recruited for the operational teams as a whole, and not for any individual team, however, based on skills, experience and interest, they are expected to work in one or more of these teams.

1. **The Treasury Team** is responsible for budget planning and maintaining accounts of revenue and expenditure of the club, overseeing sponsorships for events, managing merchandise procurement, orders and sales, and sale of paid services provided by the club.
2. **The Editorial Team** is responsible for screening and publishing of articles for the blog, organizing article writing events, accepting alumni contributions, providing written content for club event promotion, and selecting content for newsletters.
3. **The Public Relations and Marketing Team** is responsible for the overall promotion of the club and its events on campus as well as in other colleges, overseeing social media posts and promotions, and for maintaining communications with internal and external contacts.
4. **The Technical Team** is responsible for managing the website and all other online resources, broadcasting live events, managing all technical services provided by the club, and overseeing technical research projects related to finance and investment.
5. **The Design Team** is responsible for creating digital media for club and event promotion as well as designing official merchandise, presentations, brochures and other printable material.
6. **The Logistics Team** is responsible for on-ground event management, booking halls and labs for offline events, maintaining storage and inventory of merchandise and other items, managing deals with local vendors and overseeing transportation of merchandise between campuses.

Our Functional Teams

FinClub's 6 functional teams are responsible for the activities of the club in its concerned domains. The Senior Analysts and Analysts are recruited for the functional teams as a whole, and not for any individual team, however, based on skills, experience and interest, they are expected to work in one or more of these teams.

1. **The Finance Team** is responsible for training, upskilling and career development in the field of finance, job preparation and industry training for careers in the financial services industry, and publication of learning material for general awareness of finance and economics.
2. **The Investment Team** is responsible for training, upskilling and career development in financial markets, job preparation and industry training for careers in investment management and trading, overseeing student-run multi-segment portfolios and publication of learning material.
3. **The Social Impact Team** is responsible for managing all pro-bono and low-cost consultancy services provided by the club to social and corporate clients, overseeing client acquisition, managing client relations and coordinating case teams across all functional teams.
4. **The Consulting Team** is responsible for training, upskilling and career development in the field of consulting, job preparation and industry training for careers in management and strategy consulting, and publication of case studies, case book solutions and other learning material.
5. **The Analytics Team** is responsible for training, upskilling and career development in the field of analytics, job preparation and industry training for careers in business and data analytics, and publication of analytics reports, infographics and analytics tools training material.
6. **The Literacy Team** is responsible for conducting financial awareness programs in regional schools and financial literacy drives in rural and underprivileged areas, partnering with NGOs and social initiatives with similar goals, and fulfilling the social responsibility of the club.

Available Services

Training, Upskilling and Career Development Services

Since its inception, preparing students for careers in finance, investment, consulting and analytics has been FinClub's first priority, and training programs are at the heart of FinClub's mission.

- 1. Classroom Subject Training and Job Preparation Sessions** - We conduct online and offline sessions on career-specific subjects and topics in accordance with curated learning and development pipelines for upskilling of interested students, and encourage group discussion sessions on finance, consulting and business topics and recent headlines.
- 2. Guest Webinars and Seminars with Alumni-Students Interaction Sessions** - We organize guest webinars and seminars on introductory as well as advanced topics, interaction sessions with alumni working in finance and consulting, and plan to organize special lectures by professors as well as talk shows and interviews with eminent professionals from finance and consulting.
- 3. Exclusive Industry Workshops with Live Projects and Practice Assignments** - We organize exclusive hands-on workshops in collaboration with our industry partners to demonstrate topics using real world cases and for access to live projects and practice assignments, and plan to organize career advice sessions with target companies and arrange field visits to financial institutions like banks, exchanges and chambers of commerce and industry.
- 4. Intra and Inter College Finance, Investment, Consulting and Analytics Contests** - We have conducted a virtual trading contest and an equity research challenge annually during SRIJAN, and plan to conduct 16 flagship contests as part of FINCON starting this year. We also encourage students to participate in finance and consulting competitions conducted by other colleges and in global contests organized by business schools and corporate entities.
- 5. Exclusive and Open-for-all Self-Paced Certificate Courses with Learning Pathways** - We plan to introduce flagship certificate courses on 21 diverse topics with guided learning pathways which will be self-paced and open-for-all to help in the overall upskilling of students. We also partner with financial education and training firms for free and discounted access to courses.
- 6. Aggregated Learning Resources Archive** - We aggregate all our learning material as well as important case books, research reports and other publicly available resources in an archive. The archive is accessible online free-of-cost and is constantly updated with newly added resources.

Financial Software Solutions and Technical Services

FinClub's technical team provides financial software solutions and technical services including virtual trading, financial calculators, market analytics, algo backtesting, data feeds and more.

1. **Infinity Trader (Virtual Multi-Segment Trading Platform for Indian & Global Markets)** - The Infinity Trader platform, currently under development, will provide multi-segment virtual trading solutions for 7 global markets (India, USA, UK, Canada, Germany, Japan, Singapore). This platform can also be used for maintaining student-run portfolios and hosting mock trading contests.
2. **Financial Calculators (Collection of Multi-purpose Financial Calculators)** - This is a collection of multi-purpose financial calculators currently under development. It will have calculators for finance and investment, loan and mortgage, retirement planning, stock analysis and more.
3. **FinLabs (Financial Markets Information Centre and Analytics Software)** - The FinLabs platform, currently under development, will provide a one-stop solution for all financial markets information and integrated analytics tools for analysing market data, news and sentiment.
4. **Infinity Data (Stock Market Historical Data and Live Data Feeds)** - The Infinity Data platform, currently under development, will provide access to historical market data over 16 years as well as live API calls for accessing low-delay market data for 7 global markets.
5. **Tradestone Library (Trading Algorithm Backtesting and Visualization Library)** - The Tradestone Library is a Java library with tools to backtest algorithmic investment and trading strategies over historical market data and generate easy-to-read visuals for efficient strategy analysis.

Live Projects and Consultancy Services

FinClub's Social Impact, Consulting and Analytics teams work hand-in-hand to provide market research and consultancy services to social impact and corporate clients.

1. **Live Market Research, Consulting and Analytics Projects** - We conduct free open-for-all online courses with live market research, consulting and analytics projects in collaboration with industry partners and student-focused consultancy firms.

- 2. Pro-bono Consultancy Services for Social Impact Firms** - We provide pro-bono consultancy, market research, financial modeling & strategy planning services for social impact firms. Our pro-bono consultancy services for social impact firms supplements our social responsibility initiatives like conducting literacy missions in collaboration with regional NGOs.
- 3. Low-cost Consultancy Services for Small Businesses** - We provide low-cost consultancy, market research, financial modeling & strategy planning services for local and/or small businesses as well as corporate entities like startups and PE/VC firms.

Partnerships and Collaborations

FinClub regularly partners with multiple organizations and collaborates with other clubs and societies to provide the best available resources and experience to our members and clients.

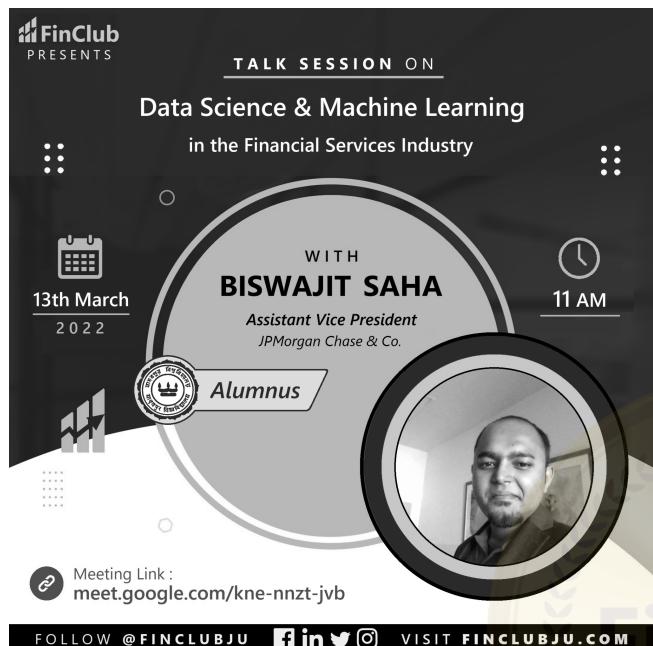

- 1. Corporate Partnerships with Financial Education and Training Firms** - Finclub partners with financial education and training firms on a regular basis for free and discounted access to premium learning material and live projects as well as for event sponsorships. To discuss a potential partnership, get in touch with us by visiting our Partners and Collabs page - finclubju.com/about/partners-and-collabs or drop a mail at finclubju@gmail.com.
- 2. Club-to-club Collaborations with External Clubs and Societies** - FinClub collaborates with finance clubs, finance and investment cells, consulting and analytics clubs, business clubs and related student organizations in other colleges on a regular basis for access to a broader pool of learning resources as well as promotion of club events in other colleges.

Excerpt - “Finance Club, Jadavpur University brings you Fmi.online presents Equity Research Challenge (ERC), the first edition of a research-based case study competition inside the premises of Jadavpur University that would involve the analysis of a company belonging to a particular sector. The competition will test your financial acumen, analytical skills, and business knowledge in two consecutive rounds. What are you waiting for? Hop in and enjoy showing off your analytical prowess to everyone and bag exclusive gifts and prizes worth 40k.”

FY24 Recruitment Drive

Application Rules and Guidelines

FinClub's multi-tier management team works round the year, brainstorming new ideas, improving existing systems and solving problems to ensure organizational excellence. We believe every member on our team is an asset to the team as a whole.

We invite applications for the posts of (1) Senior Coordinator, (2) Senior Analyst, (3) Coordinator, and (4) Analyst, through our online Recruitment Portal during our Annual Recruitment Drive. Selections are done from interested candidates on the basis of availability and merit judged by Aptitude and Interview rounds conducted by the Core Team.

If you are interested in applying for any role within the FinClub team, make sure you read this entire Activity Report and you have an understanding of FinClub's mission and vision, teams and work structure, planned services and last year's events.

For FY24 recruitments, you can apply for posts (1) and (2) if you are currently in your 3rd year of study or above and you will not graduate for at least 1 year, and you can apply for posts (3) and (4) if you are currently in your 1st or 2nd year of study.

To apply for a post, fill the application form online at finclubju.com/apply.

Once we close applications, you will be informed about the next steps, which will include an Aptitude Test and an Interview with former or senior Core Team members, both of which will be conducted online.

If you are selected for any post, you will join the FinClub team as a trainee for 1 month during which you will receive all necessary training, and after which your post will be finalized for FY24.
